

ULTRA RELEASE

Acidic Rinse Extraction Concentrate

EMULSIFIERS

Ultra Release is a rinse extraction concentrate that effectively dissolves soap and detergent residues left behind by alkaline emulsifiers and presprays. Ultra Release acts as a softener on carpet fibres, and will help prevent browning. It also effectively removes urine salts, residues and odors from contaminated areas. Through superior wetting agents and blended surfactants, carpets are left with substantially less residue than using water alone.

- **Neutralizes alkaline residues**
- **Spotter for urine and tannin spots**
- **Concentrated for economical use**
- **Helps stabilize dyes and inhibits browning**
- **Meets specifications for use on stain resistant carpets**
- **Available in: 4 L (1.06 US gal), 20 L (5.28 US gal) or 205 L (54.1 US gal)**

SUPER CONCENTRATED RINSING AGENT!

DIRECTIONS FOR USE:

Pretest in an inconspicuous location for color fastness and fibre stability.

Truckmount Metering: Dilute 25.6 oz (756 ml) of Ultra Release into 5 gal (18.9 L) of water to make concentrated solution. Set meter at 2-3 GPH.

Portable Extractor: Mix 1.3 oz (38 ml) of Ultra Release into 5 gal (18.9 L) of hot water (Dilution 1:500).
