Directions for Use

Test for color fastness on a hidden area prior to use.

1. Remove all loose soil from the area to be cleaned. Spray generously about 12 inches from the stained area.
2. DO NOT SCRUB OR BLOT THE TREATED STAIN. Just Spray and Walk Away.
3. Allow area to dry, Proxi will gradually break down and remove the stain and remain active up to 3 days. Retreatment may be necessary in cases of severe staining.
4. On deep pile carpets, work Proxi into the pile lightly with a clean rag or light brush.
