

## Citrus Gel (E840)

Safe and effective citrus spotter for grease, gum and tar spots

FOR PROFESSIONAL USE ONLY

Thickened formula keeps product in contact with spot and away from carpet backing

APPLICATION: Spotter

### DESCRIPTION

Prochem's Citrus Gel is a safe, yet powerful spotter. This thickened spotting solvent removes oily spots from a wide variety of surfaces. It removes asphalt, tar, chewing gum, auto grease and oil, food oils (bacon grease, lard, fats, etc.), crayon, lipstick, mascara, hair oils & oily cosmetics, adhesive residue, ointments, margarine, and some fresh paint spots. Citrus Gel also removes some water-based components of oily spots.

### FEATURES

- Citrus solvent-based formulation safely and effectively removes oily spots and soils
- Pleasant scent
- Blend of solvents to attack a variety of oily soils. Also contains surfactants to lift spots loosened by solvent contact
- Thickened to keep product in contact with spot for effective removal
- Superior storage stability
- Rinses easily with water

### WHERE TO USE

Carpets: Asphalt, tar, adhesive residue, chewing gum, and other oily spots & spills on synthetic and natural carpet

Upholstery: Greasy food, lipstick, mascara and other oily spots.

Draperies: Helps remove sweet soils, e.g., soda pop spray spots.

Hard surfaces: Tile floors, countertops, concrete, brick, oily garage floors, engines and parts, etc.

Laundry: Pre-spot on oily stains, then launder normally.

Other locations: Useful in many locations and circumstances. This easy-to-carry bottle can be kept close at hand for solving oily spot problems. Use it in the home, office, plant, garage, and for automotive carpet and upholstery. Citrus Gel can also be used for spots on clothing before laundering.

USE DILUTION: Ready to use. No mixing necessary.

### USE DIRECTIONS:

Use as is: No dilution necessary. Apply directly to spot.

Pre-test: Although Citrus Gel is very safe and mild for most surfaces, always pre-test in an inconspicuous area before use.

Apply: Shake before using. Squeeze Citrus Gel onto the spot. Allow 2-5 minutes contact time.

Remove: Blot or scrape gently to remove spotter and spot. Repeat if necessary, for difficult spots.

Rinse: Wipe with a sponge or towel and clear water, or extract with clear water. Brush fabric to align fibers.

### USAGE TIPS:

- Do not use on solvent-sensitive surfaces
- Avoid over-application. Do not allow product to contact latex carpet or fabric backing. Delamination can occur.
- Extract or rinse with water, water-based product or volatile spotter to avoid re-soiling
