

All Fiber Rinse (Liquid – B109)

Premier multi-purpose acidic extraction rinse

FOR PROFESSIONAL USE ONLY

A Minimum Residue, Maximum Cleaning Rinse Cleaner for Carpet and Upholstery

APPLICATION: Extraction Rinse, Fine Fabric, Upholstery, Urine remediation

DESCRIPTION:

All Fiber Rinse is a unique, high-tech rinse-cleaner product for complete cleaning of carpet and water-cleanable upholstery. Rinses out soil and residue—better than water alone! The safe organic acid in All Fiber Rinse neutralizes alkalinity and removes detergent residues, leaving fibers clean and soft. Helps to stabilize dyes and inhibits browning and color bleeding. All Fiber Rinse also solves specialty problems—use it as a spotter for urine and tannin spots. All Fiber Rinse is the rinse-cleaner for Minimum Residue carpet and upholstery care.

Our premier multi-purpose acidic extraction rinse. Features premium-grade ingredients that emulsify and remove soils and pre-spray residues that other rinses leave behind. Safe organic acids neutralize alkalinity and leave fibers bright and luxuriously soft to the touch while inhibiting bleeding, dye migration, browning and soil wicking. Use it to stabilize dyes on most fabrics, area rugs and other textiles. Also effective as a urine neutralizer: Apply as a post-mist or use as part of a deep saturation and sub-extraction decontamination process.

FEATURES:

- A minimum residue, maximum cleaning product for use as a rinse after traffic lane cleaner, or as a post-spray after extracting detergents
- Removes soil and detergent residues, leaves fibers clean and soft
- Neutralizes alkaline residues
- Helps stabilize dyes, inhibits browning and color bleeding
- Spotter for urine and tannin spots
- Organic acid, pleasant scent—no "vinegar" odor
- Cost-effective and easy to use
- Biodegradable, phosphate-free, contains no optical brighteners, contains corrosion inhibitor

WHERE TO USE:

Carpet: Synthetic and natural fibers, commercial and stain-resistant residential.

Upholstery: Durable commercial fabrics as well as water-cleanable delicate fine fabrics.

Cleaning: Removes soil, residues, neutralizes alkalinity. Inhibits browning.

Rinsing: Inhibits browning and color bleeding, helps stabilize sensitive dyes. Leaves fibers clean, soft, and residue-free.

Spotting: Tannin spots, coffee spots. Urine spot pre-soak neutralizes salts, fights odor, and rinses out residues.

USE DILUTION:

Truckmount: 1 qt. per 5 gal.

Portable: 1 to 2 oz. per gal. of water

Spray Rinse: 4 to 6 oz./gal.

Urine Treatment: 6 to 8 oz./gal.

USE INSTRUCTIONS:

For best results, pre-treat spots and soiled traffic lanes with an appropriate pre-spray before extraction.

TRUCKMOUNT: Mix 1 qt. (32 oz.) into 5 gal. of water to make truckmount concentrate. Set flow meter at 2 gal. per hour, extract.

PORTABLE: Mix 1 to 2 oz. per gal., extract.

SPRAY RINSE: Mix 4 to 6 oz. per gal., apply 1 gal. RTU per 200 to 500 square feet (depending on pile density). Vacuum extract or rake into carpet for maximum performance.

URINE TREATMENT: Mix 6 to 8 oz. per gal. Saturate carpet urine spot areas at 1 gal. RTU per 50 to 100 square feet (depending on pile density). Allow 15 minutes, extract.

COVERAGE: One gal. makes up to 129 gal. of ready-to-use solution. One ready-to-use gal. cleans approximately 400 square feet. Coverage will vary depending on soil level and thickness and absorbency of carpet.

USAGE TIPS:

- Pre-treat carpet spots and soiled traffic lanes using an appropriate spotter or pre-spray before extraction, for best results.
- Do not mix with alkaline cleaning detergents or additives.
- Do not mix with cationic deodorizers.
